

Fiber Connect Plus TV for higher education

Deliver quality, affordable fiber-based TV services to engage and entertain students with exciting HDTV programming.

Fiber Connect Plus TV for higher education overview

Fiber Connect Plus TV for higher education is a video service that delivers robust channel bundles with premium packages via fiber to the college or university's premises. Enrich academic experiences through premium HDTV featuring news, sports and international channels. Share local events or digital bulletin boards across dorm rooms and common areas with optional channel insertion capabilities that keep students informed.

Ideal for locations with over 50 TVs, Fiber Connect Plus TV for higher education allows for reduced maintenance and administrative management as it is delivered directly to TVs over existing wiring, without the need of a set-top box.

- **Tailor programming to each location:** Customize programming in private and public viewing areas to suit the needs of each location with the added ability to insert internal content such as special events and location information
- **Enable integration:** Allows for expanded interactive experiences by working with video systems integrators for a more customized on-screen presentation
- **Streamline business operations:** Focus on more strategic initiatives with no in-room equipment to install or maintain and account care from local account teams and certified technicians, as well as 24/7/365 phone and online support
- **Scale for business growth:** Enjoy the flexibility of easily adding channels and TVs as business needs grow

Product highlights

- **Simplify TV delivery and reduce costs:** Connect directly to HDTVs without a set-top box and the need for expensive head-end equipment on premises requiring storage, cooling and maintenance costs
- **Increase satisfaction and loyalty:** Engage, inform and entertain audiences with reliable HDTV service offering a large variety of channel lineups and premium packages featuring sports, music, entertainment and international language channels
- **Rely on fiber:** Avoid disruptions and outages with a reliable, dedicated and private fiber connection
