**Helping to enhance  
the patient and provider  
experience, improve  
outcomes and reduce  
costs is our ultimate goal.**

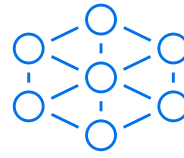

# Technology you require with the support you deserve

**Security**

**Internet**

**Networking**

**Managed  
services**

**Voice and  
collaboration**

**TV**

## SECURITY

Protect your organization and help defeat emerging threats with multi-layer protection and dedicated support available 24/7/365.

## REMOTE WORKFORCE

Achieve more effective collaboration and boost productivity wherever work happens across your practice.

## PATIENT AND PROVIDER EXPERIENCE

Stay ahead of your future connectivity demands and deliver digital communications to patients and staff with secure, seamless experiences across applications.

## BUSINESS CONTINUITY

Avoid unexpected disruptions to patient care with a 100% uptime service-level agreement (SLA) guarantee<sup>1</sup> and fully managed solutions.

## PRACTICE GROWTH

Scale, evolve and prepare for advances in patient care with tailored solutions that grow with your practice.

**SECURITY**

# Safeguard your reputation and patient data

New cyberthreats to patient privacy and your care delivery systems emerge constantly, with an increasing number of network endpoints expanding your potential attack surface. It's crucial for your IT team to stay ahead of the risk. Find the help you need with our in-depth cybersecurity expertise and intuitive, flexible managed services. Spectrum Business® security solutions are monitored 24/7/365 and kept up to date for you. We provide redundant layers of protection to help keep attacks from impacting your patients and your practice.

**REMOTE WORKFORCE**

# Adopt technology that keeps your practice connected

Collaboration should happen naturally between doctors, nurses, staff and patients. We deliver communication and networking services that drive innovation across your practice and provide reliable access to the tools that empower healthcare practitioners. Spectrum Business workforce solutions include a full suite of technology services that securely support your practice with a 100% uptime SLA guarantee.<sup>1</sup> These include voice and video calling, messaging, meetings and content sharing with our unified communications applications, as well as solutions that give remote staff secure access to your network wherever they work.

## PATIENT AND PROVIDER EXPERIENCE

# Exceed expectations with a trusted, national provider

Creating cohesive, consistent experiences across multiple platforms for your patients and practitioners can be challenging. Spectrum Business delivers compatible technology to manage this complexity, including high-performance connectivity with speeds up to 100 Gbps. Our flexible, scalable solutions seamlessly integrate internet and networking, voice, collaboration and TV services so your practice can easily adapt to new trends and enhance the patient experience.

## BUSINESS CONTINUITY

# Build a plan and strengthen your resilience

Natural disasters, fires or even a fiber cut from nearby construction can have a devastating impact on care delivery. Ensure your network is resilient and reliable to keep your data safe and your practice connected through the unexpected. Spectrum Business business continuity solutions are designed to minimize disruptions with proactive backup services and a 100% uptime SLA guarantee.<sup>1</sup> Our solutions have the flexibility to meet your needs as usage increases and are reinforced by local technicians, available 24/7/365 to identify, deliver and implement the support you need.

**PRACTICE GROWTH**

# Support shifting expectations in healthcare technology

Embrace the advancement of your practice by adopting new technologies that empower your team and your network resources to support positive patient outcomes. With Spectrum Business by your side, our flexible, collaborative approach can help you plan for the future. Spectrum Business tailors solutions to meet your goals, with the agility to adapt as conditions change. Starting with design and implementation, our certified experts will help you stay on top of emerging technologies and provide ongoing support.

One partner  
for your  
potential

1. 100% uptime SLA guarantee applies only to Dedicated Fiber Internet, Secure Dedicated Fiber Internet, Ethernet Services, Cloud Connect and Enterprise Trunking.
