# Spectrum Business is a Cisco Gold Certified Partner

Cisco recognizes Spectrum Business® as a Gold Certified Partner for providing clients with advanced technical expertise and superior service and support.

What does Cisco Gold Certified Partner certification mean for you?
Cisco Gold Certified Partner status signifies that Spectrum Business is highly qualified to deliver, implement and support your Cisco-based technology solutions. We are fully committed to the success of your network, from planning and design to implementation and management. When you partner with us, you get an industry leader with deep technical expertise, superior client service, support and trust.

We employ our broad Cisco technology experience to help you overcome your most significant network challenges. Our team members are certified in network design, client services, project management and local construction, including multiple Information Technology Infrastructure Library (ITIL) certifications.[1]

Only 8%

of partners have earned Cisco Gold Certified Partner status.

Cisco Gold Certified Partners deliver trusted expertise

Cisco Gold Certified Partners must meet rigorous technical support and product specialization standards and demonstrate the highest level of proficiency on more than 130 requirements for the design, implementation and management of Cisco-powered solutions.

- ☑ Deep understanding of Cisco technology.
- ☑ Highly proficient in integrating and managing Cisco-based technology.
- ☑ Commitment to providing a superior client experience.

Spectrum BUSINESS® | CISCO Partner Gold Provider

Spectrum Business is a proven provider of Cisco solutions

We provide complete, fully integrated solutions incorporating Cisco equipment and services to a broad range of clients across all industries.

Why choose Spectrum Business?

We take the time to listen to you and learn about your organization's technology goals and challenges before recommending a solution. Then, our certified network experts tailor a complete solution to meet your needs and install, configure and activate it with ongoing 100% U.S.-based support, available 24/7/365. Our expertise, national reach, exceptional client support and multiple connectivity options make Spectrum Business uniquely qualified to serve as your single technology partner.

Demand better. Don't settle for anyone else's standard.

Let's talk about services and solutions that meet yours.

Contact us

Over 80% of Fortune 500 companies rely on Spectrum Business for technology solutions.[2]

---
