

Spectrum Business® is a Fortinet Engage Expert Partner

Fortinet, the global cybersecurity leader driving the convergence of networking and security, recognizes Spectrum Business as an Engage Expert Partner for providing advanced technology solutions and outstanding service and support.

What does Fortinet's Engage Expert Partner designation mean for you?

Expert Partner status means that Spectrum Business is highly qualified to design, deploy, install and maintain Fortinet-based technology solutions. We are fully committed to the success of your network and security solutions, from planning and design to implementation and management. When you partner with us, you get an industry leader with deep technical expertise, exceptional customer service, support and trust.

We apply our broad Fortinet technology experience to deliver customized solutions that help you overcome significant security and network challenges. Our team members are certified in cybersecurity best practices and effective network design, ensuring that your Spectrum Business solution meets your current needs and evolves to keep pace with your expectations.

Fortinet Expert Partners deliver trusted expertise

Fortinet Expert Partners must meet rigorous technical and product specialization standards, and demonstrate the highest levels of proficiency in the design, implementation and management of Fortinet-powered solutions:

- ☒ **Deep understanding of Fortinet technology.**
- ☒ **High proficiency in integrating, managing and supporting Fortinet-based solutions.**
- ☒ **Full commitment to providing exceptional customer experiences.**

Spectrum Business is a proven provider of Fortinet solutions

We provide comprehensive, fully integrated solutions incorporating Fortinet equipment and services to a broad range of customers across all industries.

Partner with a one-stop, end-to-end provider

We take the time to listen to you and learn about your organization's business and technology goals and challenges before proposing a solution. Then, our certified network experts tailor a complete solution to meet your needs. We install, configure and activate your solution, which is backed by 100% U.S.-based support, available 24/7/365. Our expertise, national reach, exceptional customer support and multiple connectivity options make Spectrum Business uniquely qualified to serve as your single technology partner.
