

Moviebeam Lite

Enhance the guest experience with a homelike streaming app environment.

Differentiate your property and exceed your guests' expectations by offering them in-room entertainment that allows easy access to live TV and streaming apps from the home page, giving them a simplified, user-friendly experience.

What is Moviebeam Lite?

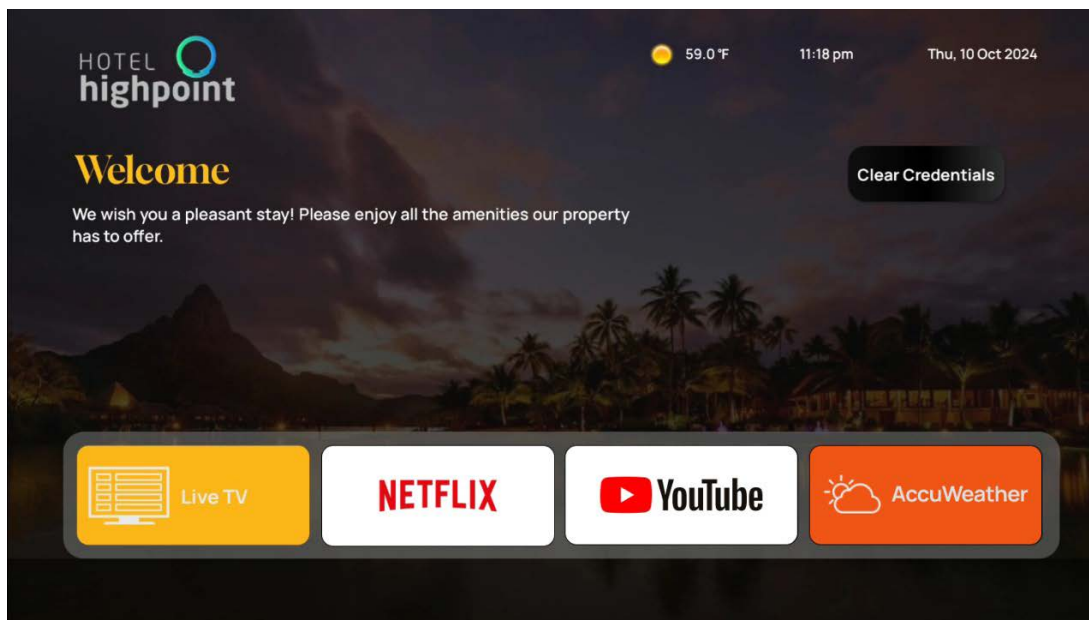

Moviebeam Lite pairs with Fiber Connect Plus TV for an integrated in-room TV service built to enhance guest satisfaction. Fiber Connect Plus provides the live TV in a wide variety of programming bundles and add-on options. Moviebeam Lite delivers a branded welcome screen, an interactive programming guide and streaming applications with an intuitive user interface.

What streaming apps are included with Moviebeam Lite?

Moviebeam Lite includes Netflix, AccuWeather and YouTube. Netflix and some content in YouTube require an account to access.

What do your guests see when they turn on the TV?

Guests see a branded welcome screen with your hotel logo and property photo, along with navigation to live TV and the streaming apps.

How does Moviebeam Lite work with Fiber Connect Plus?

Fiber Connect Plus is delivered on a private and dedicated network connection to your location. Moviebeam Lite uses a set-top box on each TV to add the branded welcome screen, an interactive programming guide, and streaming applications with an intuitive user interface.

What live TV channels are available with Fiber Connect Plus?

Fiber Connect Plus offers a wide variety of channel options featuring news, sports, music, entertainment and international language channels to create an outstanding viewing experience. See our programming bundles and packages at enterprise.spectrum.com/channels.

Can I add more channel packages to my Fiber Connect Plus channel lineup?

Yes, additional channel packages may be added to your TV services at any time. Please talk to your representative for pricing.
