Set Back Box TV EzVu Portal

Convenient and user-friendly administrative portal. The easy-to-use video services portal from Spectrum Business[®] enables administrative control, visibility and management over HDTV services. Real-time updates, monitoring and control with simplified navigation screens.

The Set Back Box TV EzVu Portal provides your designated network administrator 24/7/365 access for simplified HD video management. It provides easy management of your Set Back Box (SBB) service as well as quick visibility into the status of each SBB.

Your designated network administrator will be able to create and manage additional users to assist in your SBB management. Users can make changes remotely to settings for one or more boxes.

Benefits

- Gain 24/7/365 access to the current status of each SBB across all locations.
- Easily view, manage and control system settings by an individual TV or a group of TVs, with one easy, central sign in.
- Minimize employee training time and management of HDTV service with an intuitive web portal.
- Create and manage user profiles to enable SBB management by designated employees, allowing them to remotely change closed captioning, PIN, parental controls and more, for one or multiple boxes.
- View channel lineups for the premises and any customized lineups per area, room or box.
- Upload digital signage to easily communicate important information or promotions.
